Dear Mr. Meyers:

We appreciate the letter of November 7, 1972, to Mr. Mangialardi, of this office concerning the status of the impoundments at the above referenced location.

Please advise this office when the new treatment equipment has been installed and is in operation. In addition, advise this office at that time of the firm dates when the impoundments will be backfilled, graded to contour and seeded.

Very truly yours,

John P. Daly, Jr.
Chief, Compliance and Administration

*Pre-treatment System is in operation as of 12-15-73
Lagoon is not in operation but still
contains waste + run water. No concrete plans
to backfill. Talk to Mr. Meyer to get*
